

Business because of minutes:

Please see below the list of actions to follow-up on:

1. Any update on the park mapping? The Councilor asked that those who would want to participate in the discussion be identified and offered to suggest dates to get the ball rolling.
2. Councilor also agreed to reach out to parks and recs to get their recommendations on which park would be ideal for community gardens as well as info on splash pads.
3. Councilor should report back on the February 8 meeting between bylaw and parks&rec on festivals at Mooney's Bay
4. Invite the community police officer to have a discussion on traffic issues - this was a suggestion from Councilor Brockington who said it should be done on a yearly basis.
5. Do we want to follow-up on discussions during the last month meeting on ways the RPCA could recognize the Brookfield restaurant?
6. Continued discussions on festivals
7. Meeting with OC Transpo on how they can better serve the community.
8. Disseminate George's survey?
9. Revival of the social and cultural committee to take on beautification projects.
